The Grand Inquisitor Azrael
HEIGHT: 6'4" WEIGHT: 285 HOME: Vatican City, Italy

Finishers: CLEANSED BY FIRE* (Azrael only uses this against opponents that he declares enemies of his faith. If against someone else he uses Holy Retribution).

HOLY RETRIBUTION (Dragon Sleeper)

Special Moves: Holy Hammer (double fist sledgehammer)

Divine Drop (double arm DDT)

I've Seen The Light (at times when he gets hurt an inner strength helps him recover and start an offensive comeback)

Background: Azrael has been wrestling for 15 years. And throughout the years he has fought the good fight against all that would stand against him and his ideals. But now it seems that the countless battles have taken their toll on this holy warrior. His superiors recalled him to his home in order to assess his future in the sport. After much deliberation and a new training program Azrael has reentered the NAWC to finish his task. By cleaning up all the filth that has sprung up paying homage to the fallen angel and his followers. And though he still fights undermanned in his Holy War, he has a new demeanor. One that has seen him resort to the same tactics his enemies use. In his own words "I will fight FIRE with FIRE, I will no longer sit back and watch this sport or this world be invaded by these foul beings, real or false". And so begins a new chapter in a long and hallowed career of a true HERO.

Moeru Tohkon
HEIGHT: 6'1" WEIGHT: 180 HOME: Cameron, Texas

Finisher: BURNING SPIRIT (Stardust Press)

Other moves: Spellbinder (running Death Valley Driver)
Rydeen Bomb (spinebuster slam)

Background: Moeru Tohkon (which means Fighting Spirit That Burns) grew up in Southern Texas watching Lucha Libre wrestling. When he graduated from high school he traveled to Mexico and found a former tecnico wrestler to teach him the sport. It's now two years later and he has just about finished his first year in the sport. He has become a willing learner taking matches with anyone just for a chance to learn something new. He has come a long way in the last year. And now his teacher has arrived to continue his on the job training. The NAWC has high hopes that this young aerialist will blossom into a superstar, but that time has not yet come, but at 19 years old he has plenty of time to learn.

The Black Tiger Drake

HEIGHT: 6'5" WEIGHT: 280 HOME: Dimension X

Finisher: The TIGERS GRIP (a double clawhold to the back and front of the head)

Special Moves: Butterfly suplex (double arm suplex)

Background: Drake has been wrestling for over 12 years now, and recently he has changed his outlook on life and the sport. After a long losing streak and a split from former tag team partner Daryoon, Drake went back home to find a new sense of purpose. When he returned he was a different man. Gone are his beliefs in sportsmanship and fair play. He now sports clawed gloves; sharpened incisors and the belief in win at any cost. And his new teacher, former NAWC Heavyweight Champion Solace has brought out in Drake a killer instinct. And he is helping his teacher get revenge on the company that he said abandoned him.

he found his former employee was managing them. He refused to sign the M & M unless they got rid of the Mook. They refused and decided to sign with NAWC. The Mook has also started to train with M & M and is looking to restart his wrestling career as well as manage M & M. And it seems Dillon has rubbed off on Mook as the Mook is trying a few high-risk moves to complement his ever-present chain. While The Mook might not burn up the singles charts it's his manager abilities that will take him far.

Viper Vixson

Height: 12' long or 6'4" weight: 145 home: Andromeda 13

Finisher: COILED STRIKE (Springboard spear)

Background: Vixson is from Andromeda 13 but unlike most Ani-Men Vixson has the ability to morph from her waist down. She usually slithers to the ring as a half snake half woman to sike out her opponents. But once in the ring she morphs her snake like bottom half into legs. She has a very nasty temper and won't hesitate going after men that offend her. She is very new to the sport and has entered as a valet. But sooner or later her competitive juices will make her enter the ring full time.

the top rope with a flying legdrop to the back of the head)

Brock -

ROLLING THUNDER* (Brock does a Slingshot guillotine legdrop while Dillon does a top rope elbowdrop.)

Other moves: Dillon - Mad Bomber (senton bomb outside the ring)

Background: Dillon and his brother Brock were discovered in backyard feds that had sprung up due to the ban on wrestling. The Mook, who was looking for talent for Magnus Colby's Underground CPC, discovered them. But after finding Dillon and Brock, The Mook decided to become their manager. So outraged was Colby that he refused to sign Brock and Dillon if The Mook was their manager. So they signed with NAWC to hone their skills. The brothers adopted the name Madness & Mayhem as their name, and it fits them. Brock is the wrestler of the two though he does enjoy to brawl and cause mayhem in the ring. Dillon on the other hand lives up to the name Madness as he loves high-risk moves, and will do anything to get the win, even if it hurts himself in the process. And with a man his size someone will get hurt when he lands a highflying move.

The Mook

Height: 5'8" weight: 259 home: parts unknown

Finisher: MOOKTON BOMB (senton bomb)

Background: At one time The Mook was a wrestler with potential. But like so many he burnt out fast from life on the road. He was able to get a job with the CPC before the ban on wrestling as a talent scout. But like wrestling he just didn't have any luck. Then during the ban in early 2110 The Mook found two men on Earth that he thought had a lot of potential. But when he went to tell Colby of his find he was fired on the spot. He then sent video of the two to Colby and he liked what he saw. But when he went to sign them

Bloodstorm

HEIGHT: 5'8" WEIGHT: 223 HOME: Preplanus, Draco

Finisher: SLEEP OF THE DEAD (sleeper)

Special Moves: Lights Out (his ringside ally usually Blood Rose, attacks opponent from behind with a chair)
Bloodletting (bite on opponents head)

Manager: Blood Rose (distracter 6)

Background: Bloodstorm reportedly comes from Preplanus, home of former GWF star Count Necros. And just like Necros before him Bloodstorm claims to be a Vampire. He has been wrestling for about twenty years and has showed no sign of aging. And it is this mystique that he has used throughout the years to help him in the squared circle. Another factor is that when he is wrestling on more than a few occasions the lights have mysteriously gone out, and when they come back on his opponent is usually laid out on the mat unconscious with two puncture wounds on the neck. Though it has never been proven the mystique that has grown around him along with his talent in the ring, Bloodstorm has proven to be a tough man to beat.

Belroc

HEIGHT: 7'0" WEIGHT: 360 HOME: Cygnus

Finisher: CYGNUS SPIKE (oriental spike)

Background: Belroc hails from the Earth hating world of Cygnus. And like his predecessors in the sport he hates everything about the planet, especially the people. He is also the first graduate of Dreadnaughts Wrestling Academy. His is a large man that has a tail that he is learning to use as an effective weapon. Belroc prefers power moves and has been learning submission type moves to punish oppo-

nents. He is very new to the pro ranks and he has said other graduates will follow. Only time will tell if he can live up to the legend that is Dreadnaught.

Ciber Naught

HEIGHT: 6'6" WEIGHT: 330 HOME: Parts Unknown

Finisher: TERMINAL DESTRUCTION (full nelson suplex into a bridge)

CIBER PUNCH (spinning heart punch)

Other Moves: Ciber Bomb (Jackknife Powerbomb)

Ciberline (jumping clothesline)

Background: not much is known about this rookie. What is known is he is a former soldier in an unknown army, he prefers to pound his opponents into oblivion, and he has shown the ability to brawl or to wrestle technically. He is loud, boisterous, and has a big ego. He could be someone to watch in the near future.

Big Bubba Butcha

HEIGHT: 6'3" WEIGHT: 400 HOME: Parts Unknown

Finisher: BUBBALANCHE (top rope splash)

Other moves: Killer B Splash (running splash into corner followed by a DDT)

Background: Bubba is a large man with a large appetite for life and everything in it. He is always very serious and always gets straight to the point. He has frequented earth tough man competitions, and was discovered by NAWC council member Bob MacAdué. Bob sent Bubba to train with former POW wrestler Kevin Kraven. Training went well until Bubba crushed all of Kevin's ribs with a misplaced splash. Since then Bob has hired Bubba and, he has helped him get his pro career going.

The Defender Keth Vale

HEIGHT: 6'6" weight: 270 home: Parts Unknown

Finisher: AVENGING GRACE (running sit-out powerbomb)

REDEMPTION (full nelson done with legs)

Other moves: Defender Bomb (Liger Bomb)

Defender Drop (Death Valley Driver)

Holy Hammer (double fist sledgehammer)

Templar Toss (overhead toss)

Background: Keth Vale was recruited to join Azrael in his battle against the forces of evil. They have battled anyone and everyone claiming to have ties to the dark lord. When Keth first started wrestling he came to the ring in a mask and medieval armor. He has now shed the mask, though he still wears it to ringside, and favors wearing a t-shirt and jeans in the ring. He is a no nonsense kind of guy that is quick to anger. He has perfected a new finisher where while his opponent is on his back Keth gets behind him and wraps his legs under the arms and then crosses them behind the opponent's neck like a full nelson. It is a powerful move and no one has ever escaped the hold. He still employs Avenging Grace but to a lesser degree than he used to. Keth has also started teaming with Gabriel as the Knights Templar, and they have looked very good together. The future is bright for this young man.

MADNESS & MAYHEM

Dillon Mason - height: 6'3" weight 290

Brock Mason - height: 6'4" weight 264

HOME West Babylon, New York

Finisher: Dillon - TOTAL MADNESS (while opponent is put on a table outside the ring Dillon performs a flying elbow-drop to opponent putting him through the table)

Dillon -THE BIG CRUNCH (Brock has opponent on shoulders and performs facebuster then Dillon comes off
