I also want to thank my artist Kevin Knipe who did a great job on the pics and help with the production. Of course I also want to thank Tom Filsinger for creating this great game and inspiring me to create the NAWC and it's mythos. And finally I want to thank those that have influenced and inspired me to continue to put out these sets and post my results (EEK, Chriss, Q, Mike, EM, KW, Brandon, MVZ, Aaron L, Aaron C. Ken and anyone else I might be forgetting.)

DRAIN THE BLOOD - Underhook Face First Piledriver onto stack of chairs.

Von was a Bounty hunter originally, and didn't care who or what, as long as the money was good. One day, many years ago (only he knows when) he saved a woman from a Knife wielding nut job. She lured him back to her nearby Hotel room as a "reward" for his rescuing her, when suddenly she attacked him and embraced Von making him a vampire. Trapped between light and Darkness, he has sought to wipe the galaxy of the vampirism plague forever but after many years of killing countless vampires he was captured by the vampire king and made to stand trial for crimes against his new "family". Convicted of crimes against the Vampire Nation the King gave Von a choice, to be bound by blood to the king and to serve as a bounty hunter for the nation or be put to death by sunlight. Having become fond of his new state and having found a new respect for his former prey he elected to become blood bound to the king and join his personal hunters. Among his other new duties Von was trained in the kings current passion which is wrestling. First competing on Draco Prime then in the MWF Von has been sent along with New Kindred to watch over Carmilla and Blood Rose to make sure their rivalry doesn't start another Kindred War. Von also has a deep hatred for fellow NAWC newcomer Sidon who he sees as a bounty he wasn't able to collect on during their stays in the MWF. Von will go to any lengths to collect this bounty and gain further favor with the Vampire King.

Sidon

6'4" 315lbs.

Nicaragua, Earth

Suicide Lycan Dive – running dive over top rope onto opponent on the floor.**Red River Plunge – running power driver off ring apron.****Edge of Thorns – crucifix bomb onto pile of thumbtacks.****SKULL OF SIDON – top rope flying headbutt.****SHIFTING REALITIES – with opponent sitting on shoulders you grab his wrists and pull him forward into a piledriver.**

Before training to become a pro wrestler Sidon was a freedom fighter in his native Nicaragua but he has always idolized Dogma, a local wrestling star who was huge on the indy circuit. After years of inactivity the Rancor training facility reopened its doors and Sidon was the first to apply for the first class to be personally trained by his idol Dogma along with five others who met the strict qualifications. Sidon took very easily to the training and soon was the first ready to go out and ply his trade on the indy scene. Mythic Wrestling Federation (MWF) was the fed that came calling first and it didn't hurt that Rancor already had a presence in the federation. After a successful debut in the MWF Sidon signed on with the NAWC in the first wave of talent from MWF going to the NAWC in a talent swap. As a tribute to his idol Dogma he wears the same kind of crimson potato sack over his head as a mask, and as for his obvious wolf like appearance Sidon says nothing on the subject or of his former days as a freedom fighter in Nicaragua. Dogma gave Sidon his blessing to travel to the NAWC as a representative of Rancor and we might see more members joining Sidon if the NAWC can handle them. Before leaving the MWF Sidon and fellow newcomer Von Mahkrieg began a rivalry first due to the price the Vampire King had put on all Lycans and second due to the vicious battles they had in the ring before the price was levied. Now only time will tell if Von will continue his war with Sidon or if the two will make their own way in the NAWC.

Welcome to NAWC Series 7, Creatures of the Night. CotN takes place during a dark period for the NAWC. The forces of "evil" seem to have taken control over the fed while even the old guard forces of "good" are splintering and themselves are turning shades of gray or even altogether black. The greatest threat at this time comes in the form of Xaphan and his Unholy Church. Xaphan having almost fully defeating The Inquisition he has turned his attention to another fed, the Mythic Wrestling Federation based on the planet Mythica. There Xaphan has sent his right hand man SamHain to scout talent to reinforce the Unholy so it can make its final move to finally conquer the NAWC. There SamHain finds two new recruits for The Unholy as well as two others that make their way from the MWF to the NAWC. The first is a former Vampire Hunter turned Vampire, the second the protégé of one of the biggest stars on the indy wrestling scene. Then finally the Vampire Nation gets stronger then ever as one of the greatest tag teams ever is sent to reinforce the Nation and to look after the new undisputed leader of the Nation within the NAWC. So sit back and uncover the carnage of the Creatures of the Night.

Bloodstorm (update)

5'8" 223lbs.

Draco Prime

Soul Scorch – abdominal stretch.

Reaper's Call – double cradle brainbuster.

Bloodletting – bites on opponents head.

EXTREME S.O.D. – Bloodstorm applies the Sleep of the Dead (sleeper) with barbed wire wrapped around his arm. (Due to NAWC having no DQ's it's not listed, in other feds roll DQ or it counts as Sleep of the Dead (0))

KINDRED DOMINATION - Scorpion Death Lock is performed by Bloodstorm while his partner performs a catapult leg drop to the back of the opponents neck.

In the years since Bloodstorms debut and now, many things have changed for Bloodstorm within the ranks of the Vampire Nation. First Tzimisce was sent to help out Bloodstorm in his wars first with New Kindred during the first Vampire Nation war then with wars against the Inquisition and the Coven. Second Tzimisce began asserting himself more and took control of the NAWC's Vampire Nation along with the attention of Blood Rose. Third was the coming of Carmilla and the eventual second Vampire Nation War which at the end saw Carmilla in sole control of the Vampire Nation and Bloodstorm reduced to the bottom of the chain of command and now forced into tag competition. That is where we are now but where once Bloodstorm was pissed, annoyed and thought of revolution he has accepted his role (for now) and has become more hardcore and the cruiserweight and tag specialist. Still by his side is his consort Blood Rose and the two have cemented their relationship with a blood bond that can't be broken. Now only time will tell if he can regain his former station or if he is destined to remain in the background and an even bigger threat then before.

Stephen was a young nobleman and politician his brother Mallick the black armored general of the local army. Their father was a warrior king in the old tradition. When he died an uncle sought to take the throne. He had Stephen brutality and cowardly murdered but that was not the end. Dying on the outskirts of the forest he was found by a very powerful Greek Vampire named Marius who gave Stephen a second chance.

But the trouble was not over.....Mallick two was killed as he returned from war. His brother was too late to save him but he could do the next best thing. Stephen turned Mallick forever sealing them as brothers and as family. The two left the kingdom no longer caring what happened because the world was now theirs to learn of. They journeyed for years gaining wealth, wisdom, fighting skills and a few new vampires both turned by them and otherwise who pledged their allegiance to the house of DeArcher. Many adventures that could fill volumes of books were had.

In the new age they traivailed the universe and came to the planet of vampires, Draco Prime. The King Vlad was most impressed and in the early days of the 2030s The House of DeArcher became one of the strongest and most respected of vampire houses as several older vampires pledged allegiance to these powerful 'youths'. In the 60 years since the house has grown to include several vampires of standing and several great wrestlers and champions as well as the proclaimed great-tag team of all New Kindred.

Personality wise Stephen is the planner of the team always well read and observant he's accumulated a library's worth of knowledge in his many years. He's always tactful and well mannered with a somewhat sardonic sense of humor. In the ring however he's a pure brawler in the Japanese style with several hard hitting throws and head spike moves. Mallick well trained in a dozen martial arts is the intense in ring warrior. Always deadpan and cynical Mallick has a darkly humorous view of nearly everything. He can always be counted on for a comeback. In the ring he's a speedy martial artist with great skill and several submission holds and deceptive power he's an amazingly skilled all around wrestler.

They stand at the top of the mountain among the greats such as The Ragnarockers, Bad Dogg and M&M. They stand tall and proud and ready to face any challenge in any federation in the universe.

New Kindred (Stephen & Mallick DeArcher)

Stephen DeArcher

6'6" 270lbs.

Born 1166 - Romania, Earth

Mallick DeArcher

6'3" 255 lbs

Born 1170 - Romania, Earth

Ultimate Sword Attack - Mallick hits the ropes and drives a right handed punch into the opponent's mid-section then without breaking stride he takes them down with a left handed lariat.

Dark Sword - Mallick sits the opponent on the top rope he runs across the ring springs to the top and hits a super flatliner.

Black Scythe - Mallick grinds a knee into the opponents back while pulling up on a full nelson (opponent is face down)

BETRAYAL OF THE DISCIPLE - Cradle Piledriver.

MORTAL CITY - Mallick stands on the top rope and hangs an opponent in a super Ganso Bomb position he dives off and Stephen or Mel catches the falling opponent in a tombstone (Mallick never lets go of the Ganso Bomb) and the two use the momentum to drive the opponent into the mat.

Contenders for that coveted title of the absolute very best tag team, New Kindred are always mentioned as one of the best tag teams ever to wrestle when the topic of best of the best comes up. But it wasn't always this way. New Kindred got their start in the AWF nearly 5 years ago working on the undercard of a small show. They were victorious in that first match and won a few more before getting a title shot at the Tag Champions. The rookie vampire wrestlers surprised everyone winning the gold in a classic match. It was the start of a nearly 18 month title run that by the time it ended had left New Kindred in the class of the elite.

They journeyed from federation to federation NDW, NAWC, CPC, VKW, XWC, BSW, WGX, ICOF, CCW, XOW, VWO and the OCW. Some stand strong to this day others went out of business but one thing remained true in all cases New Kindred claimed gold in all. All the while clinging to their AWF Tag Championships and representing the home federation everywhere they went. Even after they finally lost those titles it couldn't take the rank they had earned from them.

It started for the two brothers back in the mist of time.....

The Baroness of Blood, Carmilla

5'6" 126lbs.

Born Romania, Earth – Now resides Draco Prime

Tag Team w/Blood Rose as Blood Seduction

Seduction Suplex -

Vampire Driver -

NAIL IN THE COFFIN -

THE EMBRACE – Carmilla sinks her fangs into her victim draining them of their precious blood.

Called the Baroness of Blood by ally and enemy alike her past is shrouded in mystery only known by a select few who remain tight lipped on the subject. What is known is that her mortal vessel was born on Earth in the country of Romania somewhere in the 1600's. Since that time she has risen to royalty amongst the vampire kind ruling her own house and having embraced three very high profile wrestlers namely the Aethran Vengeance, Sammael the Morning Star and the female Salem. Having wrestled all over the universe and other dimensions she has prominently competed in the WGX (where she debuted during the 2080's), OCW and NAWC. Within the confines of the NAWC she originally joined Bloodstorm and Blood Roses Vampire Nation group teaming with Blood Rose as the team Blood Seduction. Then she began asserting herself and tried to wrest control of the group from Rose finally accomplishing the task a year after the second Vampire Nation war began. Now as undisputed ruler of the Vampire Nation Carmilla looks to refocus the group and strike fear into the NAWC and start capturing titles for the mantle, and by adding Sammael, Salem, New Kindred and Von Mahkrieg to Bloodstorm, Tzimisce and Blood Rose the Vampire Nation is on the verge of what could be a reign of terror not even Xaphan could envision.

Halloween

6'0" 230lbs.

Dargon

Tag Team w/SamHain as All Hallows Eve

Full Moon – Moonsault.

Spider Web – octopus hold.

Spectre Lock – sleeper hold.

Terror Grip – neck nerve grip.

Phantom Kick – axe kick.

All Hallows Eve –

TRICK OR TREAT - Top Rope Leg Drop.

SCREAM MACHINE - Crippler Crossface.

Hailing from the mysterious dark planet of Dargon located inside a black hole Halloween is also rumored to be from Brymstone but when asked to confirm these rumors he doesn't say a word. Halloween likes to hang out in the rafters and is never seen in daylight. Recently recruited by SamHain for the Unholy while he was wrestling in the MWF Halloween is a man of few words and even on Xaphans team he seems out of place at times, the only man he truly gets along with seems to be SamHain and the two will team up at times calling themselves All Hallows Eve. It is known that other wrestlers hailing from Dargon have competed in the squared circle before and it is unknown if Halloween still has contact with them and if he is just testing the waters before they make themselves more widely known.

Kravex Thrace

6'7" 369lbs.

Scarred Lands, Mythica

Tri-Krush – titl-a-whirl back breaker.

Death From Below – full nelson forward Russian leg sweep.

Demon Crusher – with opponent sitting on the turnbuckle with back towards the ring Kravex walks out from corner and drops opponent with a hanging neckbreaker.

TRI-BOMB – 3 consecutive power bombs.

OCULUS PROELIUM – Uranage (Rock Bottom) dropped over the knee (Uranage Back Breaker)

Found in the MWF by SamHain the giant demon known as Kravex Thrace was brought into the NAWC and has joined forces with Xaphan and his Unholy. Having grown up on Mythica surrounded by the myths of man and beast, Kravex spent most of his childhood and young adult life first being hunted by demon hunters and then fighting them inside the squared circle of a wrestling ring. This though was totally natural to Kravex whose home land of the Scarred Lands is made up of demons, half demons and hardened humans who have spent their lives in the presence of greater beings but have been able to survive. The Scarred Lands was the first area of Mythica to promote wrestling events and soon their events spread throughout the world of Mythica and became the most popular form of entertainment. Normal in size amongst his kind he is a giant of a man in the NAWC and he has found a special kinship with another wrestler on the Unholy in the name of Demascus. The two team up on occasion but with Primal Fear and now SamHain and Halloween as a team they wrestle mostly in singles. There has been whispers amongst some that Demascus and Kravex are creating a splinter group within the Unholy and they are only waiting for the right time to separate themselves from the others.
