RAK'ASHAN

Pride Lands, Dimension X

6'5" 355 lbs.

Feline Fatality - reverse Gory Special pile-driver.

Venatic Back Breaker -

Rak Bomb -

SAVAGE ASSAULT - Impact DDT.

WYLDESIDE - bear hug into a power bomb.

Some of the past of RAK seems to finally be filling in as about six months ago a masked man with a weed whacker began attacking Rak while his allies the Tiger Corps were no where to be found. The Black Tiger Drake was revealed to be that man and what we found out next shocked and appalled Rak as it was during his soul search that Drake ran into hunters in Dimension X and he joined them on their hunt of the Pride Lands, a hunt that cost many Lycans there lives. From the losses came the DNA that was used by Drake to enhance his body and thus he went from the White Lotus to the Black Tiger. Rak'Ahsan upon hearing the grizzly details underwent the Rite of Savagery. Whether it was his first time undergoing this Lycan ritual is unknown, but the end result is that Rak'Ashan has become more aggressive in his battles. Now Rak wages war on Drake and his Tiger Corps looking to avenge his fallen brethren.

KIM
Silver City, Solace
5'8" 144 lbs.

THE KIM SHOT -
KIMMATRIX -

KIM the poster girl for OCW's women's division has finally been signed to an NAWC contract thanks in no small part to her friend Keth Vale. Along with Vale getting KIM signed he has asked her to help further the training of his disciple Romy Rahvin to which KIM was more than happy to say yes to. Besides being a top caliber wrestler KIM is a talented singer and has even been an announcer at the beginning of her career. Most people expect her to be pushed from the start but has said she will work her way up from the bottom of the rankings. A match up most experts can't wait for would be KIM taking on the Vampire Nations Carmilla. The two have fought numerous times across the Universe and they never disappoint the fans with their performance.

The big news this set is the arrival of Zargon and his team of Mandesicant and the Dreading. Zargon believes in the old ways and is looking to plunge Alaara back into the wars that once consumed the planet. Then comes three huge signings as the NAWC was able to lock up Tyler Silvermane (AWF), Rak'Ashan (NSWA) and KIM (OCW) to contracts to compete regularly. The women's division also get's a huge boost as besides KIM they get Ochre Ma-Lin, Raechel Killian and Rose Caldarian. Lastly we see the debut of a tag team that hails from the same part of New York as Keth Vale and M&M. Now sit back and enjoy the ride.

ZARGON
Skarnheim, Alaara
7'4" 517 lbs.

ANCIENT DESCENT - Cobra clutch back breaker.

Emerging from the murky past of Alaara comes the seven foot four monster Zargon. Zargon who hails from Skarnheim but has allied himself with the scientists of Jarros wants to return Alaara back to it's warring past for some unknown reason. To help him accomplish this feat he has "rescued" the Dreadling from Cygnus Rising while finding the near dead Mandesicant who he brought to Jarros where he was healed by their technology.

Zargon has started feuds with every team of Alaarans though he has singled out the Alien Alliance as his first target for extermination. Sam Moon has responded by sending Manta after Zargon, and while he has the size and power advantage Manta has the speed and experience factor on his side.

Inside the ring Zargon uses his size and strength to maximize the brutal beatings he dishes out. His finisher Ancient Descent, is a cobra clutch backbreaker over his knee, Zargon also has a tendency to pick the opponent up after the move and toss him like a rag doll.

fighter tried his hand at wrestling. He proved to be a natural and made the switch with ease. Tyler was pushed hard coming into the AWF and enjoyed a 10 month reign as Universal Champion.

Since dropping the belt Tyler has remained in the main events, loyal to his team and friends, and showed talents as a tag wrestlers winning titles and Tournaments in the OCW. Tyler is a clam and somewhat quiet man. A follower of eastern religions he's been called the Zen master of wrestling. Despite an unusual for a wrestler out of the ring, in the ring he is an amazingly strong fighter blending MMA, shoot wrestling and Japan style. In ring Tyler has an unmatched presence and a fighter's charisma that's hard to match.

Perhaps the greatest talent to come out of the AWF the NAWC is banking on Tyler to make the same kind of impact upon his arrival in the NAWC.

TYLER SILVERMANE

Mideal, Saturn
6'6" 323 lbs.

Elran Lariat - Stan Hansen style Lariat.
Total Enlightenment - DVD into DDT.
Silver Blade Lariat - Running lariat with full strength that drives the opponent into the mat.
BREAK THE CYCLE -
DESTINY HAMMER - Doctor Bomb into a falling Razor's Edge.

Tyler Silvermane former AWF Universal Champion and one of wrestling's top stars took a long and winding path to the top. The son of a soldier Tyler was born in the border town of Mideal Saturn. A stand out in academics and martial arts in his younger days Tyler worked his way through college working as a soldier in the national border guard. A good soldier Tyler's sharp mind made him a supreme leader and his humane nature helped keep people alive.

Leaving the military with the rank of Commander and a BA in Psychology Tyler went onto Master's School receiving degrees in both Philosophy and Psychology. During all this he continued to train hard in the martial arts (mainly kempo and judo) and won several local tournaments and 4 National Tournaments in open class MMA.

At the age of 26 Tyler now a decorated veteran, an educated man and a well regarded MMA

MANDESICANT

Jarros, Alaara
6'2" 252 lbs.

Glimmering Warlock - Jumping Enzuigiri.
WYRM DESTROYER - standing moonsault Uranage.

Not much is known of Mandesicants past except that he failed the rites of passage to become a member of the Council of Wyrms. After failing he was left for dead in the wilds of Alaara when Zargon found him. Zargon brought Mandesicant to Jarros where he was brought back to health due to their science. Now half man half cyborg, Mandesicant follows Zargons mission while also trying to gain revenge against the Council of Wyrms for leaving him for dead.

While no longer a cruiserweight, Mandesicant still uses his cruiserweight move set, now to much more effect. His Best Damn Belly to Belly suplex is just a perfectly executed version of the move while the Wurm Destroyer he grabs opponent in a Uranage position then performs a standing moonsault.

K&K CONNECTION

KEETH KNIGHT KRYS KNIGHT
West Babylon, NY West Babylon, NY
5'8" 233 lbs. 5'9" 211 lbs.

Lung Blower - grab opponent by the head and fall backwards with knees in the back.
Straight Out of Babylon - Keeth performs Camel Clutch while Kryz comes off ropes with dropkick to the face.
HEILO DRIVER - Airplane spin head drop.
KNIGHT RIDER - with opponent on Keeth's shoulders, Kryz performs a springboard bulldog.

K&K Connection is in da house. Hailing from West Babylon New York, the twins grew up in the same neighborhood as did Keth Vale. The three though have yet to make any contact that we know of. Why they are here though was answered when Pandora escorted them out for their first match. It seems during her brief hiatus from the NAWC due to injuries she returned to Earth and married Kryz. Now she has returned and brought with her, her husband and his twin brother.

Inside the ring Keeth and Kryz are a crisp team due to them being twins and usually knowing what the other will do before it's done. Kryz is the tag specialist while Keeth has some singles ability.

TERA NAUGHT

Salaria, Alaara
5'11" 300 lbs.

Hanging Terror Breaker (tag) - double hanging neck breaker.
Super Jacked Bomb - top rope high angle power bomb.
TERROR DRIVER - top rope piledriver.
CORAL FANG - while opponent is locked in Camel Clutch by Tera, Hangman comes in and delivers running knee to opponents face.

After working with Hangman for the past year Tera and Hangman have meshed into a fine tag team. Using more and more tag moves the two have become comfortable as a duo and look like they can finally challenge Cygnus Pride on even footing. Tera never one of the brightest is a hard worker and seems to be finally paying off. While still feuding with Belroc and Sekada Tera & Hangman have begun feuding with Chief Icevein & Halfmoon II.

“American Dragon” DANNY SAGE
Neo-Tokyo, Japan
5’10” 220 lbs.

Dragonrana - sommersault flip into Hurricana-
rana.

Side Dragon Sweep - full nelson face buster.

Running Dragon Kick - Yakuza Kick.

T.D.P. - Triple Dragon Plex.

TRI-SAGEMISSION PLEX - The classic
sagemission (Kati Haji Mai) where Danny
locks it on then takes the opponent over back-
wards dumping them on their heads three
times, never releasing the hold, then on the
final time Danny keeps it locked on while on
the mat for either a pin or a submission.

Danny comes into the new year with a renewed
vigor and the mentality that he will finally end the career
of Sammael. These two bitter rivals have fought all over
the galaxy and it was after Sammael made his dark
pact and became a vampire that Danny set out to find a
way to make himself strong enough to combat Sammy.
No ones sure what he found but his new look shocked
fans when they first saw him as his hair was shaved
bald like Sammael and he grew out his mustache into a
fu man chu. Some have speculated that with the new
name and look Danny has joined the Council of Wyrms
but both Kagirinai, the Dragon Elder of the Wyrms and
Danny have denied this. Danny also has had his ties to
Pandora severed but that was more Pandora’s doing
then Danny’s.

Inside the ring Danny is as dangerous as ever
as he retains his Sagemission though he has modified
it to where he suplexes the opponent while in the
move.

OCHRE MA-LIN
Kyoto, Japan
5’6” 130 lbs.

Dragon Kick - top rope jump side kick.

Dragon DDT - double arm DDT.

Dragonrana - somersault flip into Hurricana-
rana.

Air Ma-Lin - triple jump body splash in corner.

DRAGON HOARD - inverted Indian Death
Lock cradle.

After serving with the Council of Wyrms
for a few years as an apprentice Ochre finally
was given the rites of the Wyrms and officially
joined the team. Already a strong fighter
Ochre hopes to make a splash in the women’s
division and live up to her teams lofty stan-
dards.

Inside the ring she uses a lot of aerial
moves but it’s her feared submission move
the Dragon Hoard that she hopes will gain her
fame. Before that her arsenal picks apart the
back and head of the opponent to make her
finisher much more effective. And as with all
Wyrms members she is accompanied to the
ring by Kagirinai.

“Peacekeeper” RAEHEL KILLIAN

Salaria, Alaara

5’10” 161 lbs.

Headhunter - jumping Mafia kick.

Peacekeeper Special - over the shoulder running powerslam.

Gold Tear Suplex - head and arm suplex.

COLD JUSTICE - double underhook lifted up then neck is dropped on knee.

Raechel has been around a few years and has already held the Queen of the NAWC Title, but now she has joined countrymen Ciber Naught, Assassin X, Tera Naught and Hangman in their war with Cygnus Rising. A former Peacekeeper in the Goldsboro military she fits in perfectly with the GSF. Though no one to officially feud with in Cygnus Rising, Raechel will concentrate on neutralizing Mangus while also trying to recapture the Queen of NAWC Title.

Inside the ring Raechel wrestles very stiff and usually has little regard for her opponents. Her Cold Justice finisher she once called Justice is Served but since joining the GSF she has become much colder and thus the name change.

ROSE CALDARIAN

Sicily, Italy

5’8” 148 lbs.

Keep the Faith -

CALDARIAN CUTTER - Ace Crusher

BURN KNUCKLE - Hellfire. If disqualified using the move roll d6 again if she’s DQ’d a second time opponent is injured d6 matches.

Rose is a third generation wrestler, sister of Michael Caldarian, daughter of NAWC icon Azrael Cladarian, and just recently revealed the grand daughter of none other than GWF great Bishop Hell. And while she has a lot to live up to this rambunctious Philly seems to be on the right path. While not on the greatest terms with her father, she is her grand fathers little firefly. Always happy and horsing around Rose can get mighty serious when some messes with her family or friends.

Inside the ring like her brother, dad and grand dad she commands the Hellfire though when she uses it she calls the move the Burn Knuckle. Besides the Burn Knuckle Rose employs the Caldarian Cutter, which is an Ace Crusher. She tends to work over the neck and face of opponent.
