Preplanus, Draco

Dirt Digger - Implant DDT.

Sleep of the Dead - sleeper.

A ROSES THORN - Asian Spike nerve hold.

Rose is usually the valet/manager of NAWC star Bloodstorm. It is unknown what their relationship is but they are always close to each other. Like Bloodstorm she is a vampire. Supposedly over 200 years old she has found a legal craft she is good at and has spent much time training to become the best women's wrestler in the galaxy. Long the benchmark of NAWC Women's wrestling, Rose has gotten the call and will feud with Romy Rahvin of the Marauders. A protégé of former GWF star Count Necros, Rose is trying to bring her Vampire Nation allies in as well as get her mentor to come out of retirement.

train her as she had been a fan of his many styles for years. After much deliberating and once Keth decided to take on another student Keth decided to take on Romy as well. Keth describes her as a charismatic, crazy daredevil who isn't afraid of anything and who wants to get closer to Hell every time she wrestles...by taking some crazy bumps or bleeding until she can't see the ring. The first Keth deemed ready for the NAWC. Has no real enemies as of yet Romy adds to a budding ladies division.

XAPHAN

6'6 1/2 310 lbs

HOME: Plutark, Brymstone (spend his childhood in Thunderbay, Onterio, Canada on Earth)

Sweet Rememberence — STF.

LAST RITES— Inverted Swinging Neckbreaker.

Hardly a new face Xaphan is well known as one of the AWF's top home grown stars. Xaphan is also the man that ended Azrael's career in a Gates Of Hell match that injured both men in the process. Xaphan, always evolving his style has added the STF as a submission finisher. Given his great height he can really stretch an opponent so it's not a bad idea. Xaphan is always laid back it seems, he gets hyped when its needed, he doesn't live pissed off like a lot of wrestlers try to put forth. Enjoys a good brawl as much as a technical masterpiece. Practiced gymnastics as a youth when his family lived in Canada does a lot of high flying for a big guy including the occasional 360 which always gets a big response from the fans. Xaphan is currently THE MAN in NAWC and was one of the first asked to come up to the big time. Of those NAWC members that were brought up he sees Keth Vale as his biggest threat and with their heated past brea bloody things are expected of their confrontations.

Ciber Naught

GSF with Assassin X

6'6" 335lbs.

Goldsboro, Alaara

Ciberline – jumping clothesline.

Ciber Bomb – Jackknife Power Bomb.

Terminal Destruction – full nelson suplex with bridge.

ATOMIC WASTELAND – second rope German Suplex and roll up.

The undisputed leader of the GSF, Ciber has many enemies notably Cygnus Rising and Sam Moon and his Alien Alliance Team. A former Sergeant in the Goldsboro military he led an elite Special Forces unit which he now commands in the NAWC. Still a brawler and power wrestler Ciber has a lot to prove to himself in the coming months. First he lost the Contest of Champions to Brinson Faust of Aquala this past year and for the first time in a decade Goldsboro didn't lead the Alaaran Government since the end of the Civil War. Still mostly a singles wrestler Ciber will team with Assassin X to take on their hated enemies from Cygnus, Belroc and Sekada.

Assassin X

GSF with Assassin X

6'4" 248lbs.

Goldsboro, Alaara

CONTRACT KILLING – Inverted Death Valley Brain Buster.

The Sketchy past that was Assassin X has slowly been un-earthed and we have recently found out that Assassin X was part of a Special Forces unit commanded by Ciber Naught during the Alaaran Civil Wars. During that time AX was a highly decorated veteran and has been Ciber Naughts right hand man ever since. Ciber Naught has begun to reunite his GSF Unit and together they look to take out the Cygnus menace. Assassin X has been given the chance to go for singles gold and to take out anyone Ciber Naught doesn't have time to take out himself. Assassin X has done very well to this point but an improved defense and slightly modified

Keth Vale

The Marauders with Dillon, Brock and Romy Rahvin.

6'2" 265lbs

West Babylon, New York

Shining Wizard - jumping knee to opponents head.

Gravedigger - double underhook piledriver.

DARK REDEMPTION* - full nelson done with legs. (* If dq'd Keth leaves the move on and opponent rolls one die for injury length. He mostly do this to feuding enemies but he has been known to snap and leave it on anyone that pushes him to hard.)

Keth Vale has done it all in his long and illustrious career. From hated bad guy to beloved good guy, Vale has seen much in his 20 years in the ring. Currently Vale has taken the role of teacher and is very proud that his top student, Romy Rahvin, is taking the next step with him and M&M. Feuding with Xaphan, Vale is trying to prove he can still hang with one of the biggest dogs around. As a side note Vale has also opened up a production company and distributes video crystals of indy feds thanks to his many contacts and also provides camera crews for various federations.

Andromeda “Romy” Ravhin

The Marauders with Dillon, Brock and Keth Vale.

5'3" 138lbs.

New Babylon, Moon Base Alpha

Heavy Metal Cross-line– with chain in hands Romy crosses arms and delivers a devastating running cross arm chain clothesline.

Diving Star – top rope flying head butt.

Die Dead Enough – reverse Kryptonite Krunch.

INTO THE BLACK – Anaconda Vice.

Romy was discovered by Keth Vale while Keth was back home on Earth dealing with his new HoloVid business. Romy approached Keth and asked him if he would

press and Cutthroat jumps off top rope grabbing opponents neck on way down, for a super reverse neck breaker.

Beast doesn't talk much. But when he does it usually means someone is in real trouble. Officially Beast comes from the ever popular Parts Unknown, but when he speaks of home he speaks of unsaid horrors and unimaginative cruelty. Some have said he hails from Brymstone while others say he hails from Hell itself. Whatever is the case he is cruel, and destructive, and never seems to be in a good mood. . One of the longest standing members of the Church of Xaphan, Beast along with Cutthroat are looking to take out M&M and prove themselves once and for all to their leader.

Cutthroat

Primal Fear with The Beast
Height : 6'1" Weight : 250
Home :Parts Unknown
Exploder - T-Bone Suplex.

THE FINAL CUT - Cutthroat with opponent on shoulders he bounces off the ropes and on rebound hits a sit-out powerbomb.

Cutthroat is the mouth of the team. Though he speaks in low tones and lets his actions speak for himself in the ring. Beast and Cutthroat will usually stalk their opponents in and out of the ring before going in for the kill. One of the longest standing members of the Church of Xaphan, Cutthroat along with Beast look to take out M&M and prove themselves once and for all to their leader. He frequently cuts himself and opponents with his ever-present dagger which he brings to ringside at all times. The rest of his past is currently unknown.

offense he hopes will win him some gold.

Belroc

Cygnus Pride with Sekada
7'0" 369lbs.

Cygnus

Terror Face Claw – claw to face made popular by his teacher Dreadnaught.

Mad Splash – the massive Belroc climbs to the top rope and flies off with a devastating splash.

Cygnus Spike – Oriental Spike.

SPIKED COMRADE DRIVER (Tag Finisher) – along with partner delivers a double belly to back head spike. Belroc also uses this as a singles finisher with reduced results.

Many thought that once Brinson Faust won the Contest of Champions last year and was moved to the main singles position on the Cygnus Rising Team, Belroc and Sekada would revolt after being put into tag duty, but instead the two have thrived and have even captured the NAWC Universal Tag Team and Alaaran Tag Team Titles. Though Sekada remains split between singles and tag action, Belroc has dedicated himself into the tag team and has become the specialist for the team. While he still uses his Cygnus Spike to get submission wins he and Sekada have added the Spiked Comrade Driver as a tag finisher. The duo named the move after their former teacher and mentor Dreadnaught who ironically died in the ring while fighting Sekada during the last class Dreadnaught taught on Cygnus. Belroc has even begun taking to the top rope and delivering a three hundred and sixty nine pound splash that has been dubbed the mad splash due to most people believing Belroc is mad for trying the move so often.

Sekada

Cygnus Pride with Belroc
Height : 6'7" Weight : 343lbs

Home : Cygnus

Cygnus Gore - running spear into corner.

Cygnus Back Breaker - military press into an over the knee backbreaker.

Guided Missile - whips opponent into ropes while he goes off the opposite ropes, hitting the opponent with a flying shoulderblock. (Dreadnaughts Finisher)

Terror Face Claw – claw to face made popular by his teacher Dreadnaught.

DREADNAUGHT (grabs opponent as if going for a powerslam but on the way down instead of landing on back he lands head first)(This is the move he used to kill Dreadnaught. He has renamed it in honor of his late teacher)

All hail the heir apparent of Dreadnaught, SEKADA. When Sekada ended the illustrious career and life of his mentor Dreadnaught, he was hailed as a hero. With his death Dreadnaught died a warriors death. And with his kill Sekada has earned a place of honor amongst his people. Now Sekada and Belroc team up and have targeted Ciber Naught and Assassin X for their resentment of Cygnus helping out the nation of Aquala.

Dillon Madness Mason

Madness & Mayhem with Brock - The Marauders with Brock, Keth Vale and Romy Rahvin.

Managed by The Mook – distracter 7

West Babylon, New York, Earth

BLOW YOUR MIND (head and arm suplex dropping opponent on head)

MnM CUTTER (tag finisher) (with opponent on Brock's shoulder, Dillon leaps off top rope over opponent into a Diamond Cutter)

M&M have seen great success feuding with such great teams in the NAWC such as the Ragnarockers, New Kindred, Steven Rush & Von Braun, PRC and Primal Fear and now try their luck on the biggest stage of all. Critics say that if given the chance Brock could turn into a singles star, but with Vale headlining the singles matches and M&M's continued tag success a singles career is not in the future for either. Look for a serious title push, as The Mook is out to prove he is the manager of champions and M&M look to cement their place as THE team to beat in the Galaxy.

The Beast

Primal Fear with Cutthroat

Height : 6'6" Weight : 325
